NOTICE INVITING PROPOSALS

**Selection of a firms for Preparation of DPR for Development of identified Solar
Parks in the State of Madhya Pradesh**

No. RUMS/ SOLAR -432/2016-17/62

Issue date: 23/07/2016

Madhya Pradesh is one of the preferred destinations of choice for major investments in the areas of renewable energy. The State has a vast potential of renewable energy in grid connected renewable energy technologies – solar, wind, biomass and small hydro. MP is one of the promising states that has shown enthusiasm in the recent past and contributed a huge share of total installed capacity in last couple of years. MNRE has sanctioned 2000 MW of solar parks in the state of Madhya Pradesh under its scheme for development of Solar Parks and Ultra Solar Mega Power Projects in the country.

Rewa Ultra Mega Solar Limited (RUMS), is a 50:50 Joint Venture Company formed between Solar Energy Corporation of India (SECI), a 100% company of Government of India (GoI), & Madhya Pradesh Urja Vikas Nigam Limited (MPUVNL), a 100% company of Government of Madhya Pradesh (GoMP), envisaged to develop solar parks under Mode 2 of MNRE Solar Park Scheme. RUMS is desirous of engaging firms for preparation of DPR(s) for development of MNRE sanctioned solar parks in the State of Madhya Pradesh. Office of the Chair Person, RUMS, invites proposals from eligible and interested firms in the prescribed format.

Detailed description is provided in the Request for Proposal (RFP) document. The RFP document and format of application are available on website **www.mpnred.com**.

The last date for receipt of applications is 16/08/2016 by 1500 hrs. at the address given below:

Request for Proposal for “Selection of a Firm for preparation of DPR for Development of Solar Park in the State of Madhya Pradesh”

1. Background

RUMS, Bhopal, Madhya Pradesh is a JV formed between SECI and MPUVNL to develop solar parks in the state of Madhya Pradesh.

MNRE has come up with a scheme for development of Solar Parks and Ultra-Mega Solar Power Projects in the country. MNRE is setting up at least 25 solar parks, each with a capacity of 500 MW and above, with a target of over 20,000 MW of solar power installed capacity in the span of 5 years. Solar parks will be developed in the collaboration with the State Government and their agencies. A Solar park is a concentrated zone of development of solar power generation projects and provides developers an area that is well characterized with proper infrastructure, access to amenities and where the risk of the project can be minimized.

The State of MP is endowed with a vast potential of renewable energy. As of March 2016, Renewable energy installed capacity stands up at 3,018 MW whereas more than 9,300 MW projects are under implementation.

The state is taking all necessary steps to exploit the renewable energy resources for the maximum benefit and support GoI in reaching target of 175 GW by 2022. In this context, RUMS is desirous of engaging Firms for Preparation of DPR of Solar Parks in the State of Madhya Pradesh.

2. Objective

To engage the services of a reputed firm for preparation of DPR of solar parks in the state of Madhya Pradesh.

3. Conditions of Eligibility of Bidder

3.1. Bidders must read carefully the minimum conditions of eligibility (the “**Conditions of Eligibility**”) provided herein. Proposals of only those Bidders that satisfy the Conditions of Eligibility will be considered for evaluation.

3.2. Eligibility of Criteria: To be eligible for evaluation of its Proposal, the Bidder shall fulfil the following Minimum Criteria:

3.3. Bid Security:

- I. The Bidder shall furnish, as part of its Proposal, a Bid Security of INR 5,00,000 (Indian Rupee Five Lakhs) in the form of FDR or TDR of any nationalized/scheduled bank in favour of “Rewa Ultra Mega Solar Limited”, RUMSL, payable at Bhopal.
- II. Any Proposal, not accompanied by the Bid Security, shall be treated as non-responsive and will be summarily rejected;
- III. The bid security instrument should be initially valid for 90 days from the date of opening of the proposal;

-
- IV. The Bidder, by submitting its proposal pursuant to this RFP, shall be deemed to have acknowledged that, without prejudice to any other right of the RUMS or remedy hereunder or in law or otherwise, the Bid Security shall be forfeited and appropriated by RUMS under the following conditions:
- If a Bidder withdraws its Proposal during the period of its validity and as extended by the Bidder from time to time; or
 - In the case of a Bidder being selected, the Selected Bidder fails to sign the Agreement or commence the assignment on time.
- V. The Bid Security will be returned to the unsuccessful bidders within thirty (30) days from the date of letter of award to the successful Bidder.

3.4. Performance Security:

- I. The successful bidder has to submit Performance Security with the acceptance of order valid for 9 months. The Performance Security shall be of INR 5,00,000 (Indian Rupee Five Lakhs) in the form of FDR or TDR of any nationalized/scheduled bank in favour of “Rewa Ultra Mega Solar Limited”, RUMSL, payable at Bhopal. The Performance Security will be returned within ninety (90) days from the expiry of the consultancy engagement, on satisfactory completion.

3.5. Technical and Financial Bidding Parameters:

- I. The firm can be a single bidding company, or a consortium of companies but not more than two (2). However, the firm / members of the bidding consortium should each be a Company registered under the Companies Act, 1956/ Companies Act, 2013. The bidder can also partner with individual Technical Consultant. In cases of such consortium/ partnering, a letter of undertaking for association should be submitted by the bidder, along with the brief profile of the firm and the CV of the concerned individuals.
- II. The bidders may, with the prior written approval of RUMS, substitute any team member with an alternate CV, either equivalent to or stronger than the original team member, provided that no request for substitution is made prior to three months from date of engagement.
- III. The Firm (the Lead Firm, in case of a Consortium) must have the following experience:
- Average turnover from Consultancy Services of not less than INR 5 Crores per annum in three preceding financial years. The documentary evidence in the form of certificate from the Statutory Auditor of the Firm (Lead Firm, in case of a Consortium), certifying the revenues from consultancy services during each of the last three (3) financial years shall need to be provided;
 - Experience in renewable energy sector, as a firm, of at least three (3) years.
 - Experience in working for energy or renewable sector in MP for at least two (2) years.
 - Sector-wide expertise and experience in assisting for solar parks in Indian states, including:

-
- Experience of assisting solar parks, of at least 100 MW capacity each, in at least two (2) states of India
 - Experience of at least three(3) DPRs solar park, of at least 100 MW capacity each, in last three (3) years

IV. Team Composition:

Team Leader

The team leader shall have a management or engineering (preferably in electrical/electronics/renewable energy) degree. The Team Leader must have at least fifteen (15) years of experience and should have managed at least two (2) projects covering preparation of solar park DPR. He must have experience in working for development of solar/renewable energy related tasks for any Government (Central or State) /PSU or Govt. agencies/utilities or any private company.

He is also expected to be able to lead the team based in Bhopal.

Team Members

2 Solar Energy sector specialists

One of the solar energy sector specialists shall have an engineering degree with a management degree and shall have at least 5 years of experience in energy sector including solar sector. The second expert shall have an engineering degree and shall have at least 2 years of experience in energy sector, including policy and regulatory matters and interacting with state nodal agency/ state department on renewable energy projects.

5. Scope of Services

The Scope of Services for this Engagement covers matters related to the context mentioned above. Firm shall provide all the services on a best effort basis.

Preparation of DPR for development of Solar Parks comprising both technical & commercial analysis to understand the attractiveness, feasibility, risks & mitigation plans related with setting up of Solar Parks

The key aspects that are to be analyzed as a part of preparation of the DPR shall include following:

- a) Study of site details (such as land, solar radiation, aerosols, climatic conditions, shifting sand dunes etc.) and basic design/ layout plan;
- b) Preliminary infrastructure assessment and development needs;
- c) Solar Park cost estimates and related benefits;

The scope of services include study, investigation & preparation of report of the present characteristics of land, ambient conditions and water for the requirement of Solar Parks (of indicated capacity), complete with all the infrastructure facilities.

Areas of investigation and study shall include the following:

5.1. Task-I: Technical Assessment

The Firm shall:

- a) Undertake site survey including contouring, soil testing, solar radiation resource assessment, direct normal insolation study and any other assessment or study necessary for analyzing the extent and requirement of design;

-
- b) Preparation of Plot Plan/ Layout design for Solar Parks with optimum utilization of land/ infrastructure/ facilities; including cable trenching, area grading/ land preparation works, boundary wall/ fencing, illumination, horticulture/ green belt, landscaping, warehouses/ storage sheds & Admin Buildings, telecom infrastructure, fire-fighting system, security control room, medical & ambulance facilities, mechanical & electrical workshops etc.
 - c) Considering the infrastructure/ facilities required for optimum utilization of Solar Parks, undertake construction of approach roads to solar park, if required etc.
 - d) Prepare a Power Evacuation Plan for Solar Parks including 400/ 220/ 132/ 33 KV substations & auxiliary power distribution network, metering arrangement, pooling arrangement, cabling, lightning arrestors, transformers & associated infrastructure; transmission lines for evacuation to nearest CTU/STU substation; augmentation of existing substations, if required etc.;
 - e) Prepare a Power evacuation scheme with preliminary SLD for the electrical system starting from plant evacuation to the Grid connectivity point. Brief description and broad parameters of all electrical equipment;
 - f) Build scenarios of capacity utilization factor for the proposed solar power projects in the park with various technology options (both PV crystalline & thin-film with/ without energy storage/ tracking mechanism), in the identified parcel of land etc.;

5.2. Task-II: Financial Assessment and Commercial Feasibility Report

The Firm shall:

- a) Prepare separate block cost estimates of individual project components, structures, approach roads within the boundary of the project including drainage, water supply, etc., hard & soft landscaping and all other infrastructure services;
- b) Financial assessment covering financial assumptions and inputs like development phases, forecast of costs, availability of grants etc. to provide Funds Requirement, Project IRR, Pay Back Period, DSCR and other financial ratios for the Solar Parks;
- c) Financial Model shall be developed in order to provide the financial projections; that shall cover the standard modules including capital expenditure, financing plan, operating costs and financial statements;
- d) These models shall have Sensitivity Analysis developed to understand the impact of variations in major inputs parameters (such as cost, revenue, rate of interest etc.) on the output parameters/ project returns (such as IRR, RoI, RoCE, Payback period etc.).
- e) Structuring of Project Revenue Model considering the business plan, land area requirement & technology options, suggestions for improving viability for successful marketing of the project etc.
- f) The role of the developer and operator in design, construction, finance, disposal, maintenance, and transfer shall be clearly identified. Such suggestions may include proposal for grants, if required, with justification for improving the viability of the project along with cost and phasing of such grants;
- g) Identify the sources of the funds and advise on availability of grants from any scheme/ GoI or any other organization for the Project.
- h) For the solar power generated from the proposed solar park, determine its landed cost for the identified consumer categories at HT level in the constituent states of Western Region (WR), Northern Region (NR) and Eastern Regions (ER). For the

purpose of this analysis, identified consumer categories for such states would be intimated by the RUMS as a part of NTP for a specific solar park.

6. Deliverables

In consultation with Office of the Chair Person, RUMS, Firm will submit a draft DPR of each solar park (as tabulated below) for the review by RUMS. On the written receipt of final go ahead from RUMS, Firm will submit its final DPR against the scope of work mentioned in RFP.

Sr.No.	Solar Park Name	District	Capacity MW	Park capacity MW
1	Neemuch- Mandsaur	Neemuch	250	500
		Mandsaur	250	
2	Agar-Shajapur	Agar	250	500
		Shajapur	250	
3	Chattarpur	Chattarpur	500	500
4	Rajgarh- Morena	Rajgarh	250	500
		Morena	250	

The RUMS shall ask the selected Firm to prepare DPRs on a park-wise basis.

Deliverable	From the date of issue of letter of Intent in favour of the Firm
Draft DPR	Within 1.5 months from the date of issue of NTP for a specific solar park
Final DPR	Within 15 days (maximum extendable duration of 1 month) after receipt of written comments on the draft DPR

7. Submission of Deliverables

The deliverables defined in clause 6 above shall be submitted in two copies neatly bound in standard format as approved by the RUMS.

8. Duration of the Contract

The total duration of the assignment shall be for a period of **Six (6) months**, from the date of execution of the Contract, whereas task specific timelines shall be followed as per clause 6.

9. Criteria for Evaluation

9.1. Evaluation of Technical Proposals

- 9.1.1. In the first stage, the Technical Proposal will be evaluated for eligibility on the basis of Bidder's experience, presentation and financial capability. Scoring of Technical Proposals would be done only for the Eligible Bidders.
- 9.1.2. Only those Bidders whose Technical Proposals score 70 marks or more out of 100 shall qualify for further consideration, and shall be ranked from highest to lowest on the basis of their technical score (S_T).
- 9.1.3. The scoring criteria to be used for evaluation shall be as follows.

Technical Proposal Evaluation Parameter	Maximum Technical Score¹
Evaluation of Firm	50
1. Number of years of experience of Firm in Renewable energy sector [shall be at least three(3)]	20
2. Count of states of India, wherein assistance for solar parks (of individual capacity >= 100 MW) has been provided, [shall be at least two (2)]	10
3. Count of DPR, for solar parks (of individual capacity >= 100 MW) has been prepared over last three (3) years, [shall be at least three (3)]	10
4. Experience in Madhya Pradesh in Energy or Renewable Energy Sector , [at least two (2) years]	10
5. Presentation before RUMS	25
6. Evaluation of team composition and expertise of key professionals	25
Team leader (refer clause 3.2 (IV))	10
2 Renewable Energy Sector Specialists (refer clause 3.2 (IV))	10
1 Technical Specialist (refer clause 3.2 (IV))	5

9.1.4. All Bidders shall be required to make presentations up to 20 minutes, before opening of Financial Proposals, to demonstrate their credentials based on eligibility criteria as per Clause 3.2 of RFP along with the following and to submit three (3) hard copies during the presentation –

- Brief company profile, local presence, associates, major clients and projects etc.
- Experience of rendering services as a firm preparing DPR of solar park.
- Understanding of assignment along with methodology indicating broad scope of work
- Work plan and roadmap of said work
- Proposed key personnel along with team leader and manpower commitment.

The time and venue for the presentation shall be intimated to the Bidder.

9.2. Short Listing of Bidders

9.2.1. Only those Bidders whose Technical Proposals score 70 marks or more out of 100 shall qualify for further consideration, and shall be short-listed with ranking from highest to the lowest on the basis of their technical score (S_T).

¹For scoring of marks for evaluating consulting firm, maximum score will be awarded to the Firm having the maximum count in the evaluation parameters. The score of other bidders will be calculated relative to the score given to the Firm with the maximum score.

9.3. Evaluation of Financial Proposal

9.3.1. In the second stage, the financial evaluation will be carried out as per this Clause 9.3.3. Each Financial Proposal will be assigned a financial score (S_F).

9.3.2. For financial evaluation, the total cost indicated in the Financial Proposal will be considered.

9.3.3. RUMS will determine whether the Financial Proposals are complete, unqualified, and unconditional. The cost indicated in the Financial Proposal shall be deemed as final and reflecting the cost of services inclusive of all duties, levies, taxes, cess, travelling expenses, out of pocket expenses and/or any other expenses of whatsoever nature but excluding Service Tax. The RUMS will pay Service Tax, at the applicable rate to the Firm. Omissions, if any, in costing any item shall not entitle the firm to be compensated and the liability to fulfil its obligations as per the ToR within the total quoted price shall be that of the Firm. The lowest financial proposal (F_M) will be given a financial score (S_F) of 100 points. The financial scores of other proposals will be computed as follows:

$S_F = 100 \times F_M/F$; wherein, F = amount of Financial Proposal of the Bidder

9.4. Combined and Final Evaluation

Proposals will finally be ranked according to their combined technical (S_T) and financial (S_F) scores as follows:

$$S = S_T \times 0.70 + S_F \times 0.30$$

Where S is the combined score

10. Confidentiality of Data and Documents

All Intellectual Property Rights (IPR) of data collected as well as the deliverables produced shall remain with the office of Chair Person, RUMS. All knowledge and information, which may be acquired during the assignment, shall be for all times and for all purposes, regarded as strictly confidential and held in confidence, and shall not be directly or indirectly disclosed to any person whatsoever, without the explicit written permission of Commissioner of the State.

11. Conflict of Interest

Neither the Firm nor any of the personnel engaged by the Firm shall engage in any personal, business or professional activity, which conflicts or could conflict with any of their obligations in relation to this consultancy engagement.
